Dear Sirs

I am writing this second letter to ensure that my vote is a definite NO on the proposed UCSA project.

In these uncertain economic times, it is unrealistic to even think about this very expensive unnecessary project. "If it ain't broke don't fix it" is true here! Many of us living here on the Hill are retired senior citizens and on limited incomes. For us to pay our share per household, would be a great hardship. In fact, some of us would have to leave our "corner of paradise" because of this. I am a retired widower in my 80's who has macular eye disease, and unable to drive, so I am unable to be there to speak out.

So please, think very long and very carefully. Thank you for your time

Eileen Dalton
